

Move Well, Move Often

Developing Physical Literacy through the lens of Fundamental Movement Skills

SEMINAR DAY 2

September 2018

Dear Principal,

This October, due to demand, the PDST are delighted to offer this Physical Literacy seminar again to those schools that were unavailable to attend last year. This will be a repeat of the seminar that was offered in Term 3 of the last school year. Please note, the next phase of this training - Physical Literacy Seminar 3 - will take place in 2019.

In 2017, the PDST were delighted to offer full day seminars in Physical Literacy through **Fundamental Movement Skills**, focusing in particular on locomotor skills. Research shows that being physically active later in life depends on feeling confident in an activity setting; and that confidence, as an adult, most often comes from having learned **Fundamental Movement Skills** which are the basic building blocks of movement and are an essential part of everyday life and recreational activity. It is only when these skills are mastered that a child can go on to develop specialised movement skills, which will allow them to reach their potential in sports-specific endeavours.

The second phase of this professional development in Physical Literacy ran from April-June 2018, and is now being offered again for schools who couldn't attend at the time. This seminar revises the concept of physical literacy and revisits the locomotor skills explored in Seminar 1 before moving the

focus to the stability skills of Landing and Balancing in all areas of the PE curriculum, and in particular through the Gymnastics and Dance strands. The wide range of activities, supplementary support materials and templates for planning and assessment that are presented in our comprehensive resource and online at www.scoilnet.ie/pdst/physlit , will also be explored on the day.

The purpose of the seminar is to

- demonstrate the PDST's **Move Well, Move Often Physical Literacy** resource pack through active participation
- upskill participants in using **Fundamental Movement Skills** as a lens for developing Physical Literacy through the PE curriculum
- enable participants to support other teachers in their school using the PDST Physical Literacy resource pack

Each teacher attending will receive a set of newly developed posters as part of our Move Well, Move Often pack. Attendees will need to be suitably dressed to participate in activities.

Please note that Gaelscoileanna and Scoileanna sa Ghaeltacht will shortly receive this letter 'as Gaeilge' inviting them to attend the same session delivered 'as Gaeilge'. Such schools are welcome to attend either version.

You are invited to nominate **two teachers** from your school to attend this seminar. The Department of Education and Skills will provide substitute cover where required.

In order to book a place on your preferred seminar, please follow the booking procedure overleaf:

We look forward to meeting you at these seminars.

Kind regards,

Ciara O'Donnell
National Director
