

Are you a Primary teacher (2nd to 6th class)? or Secondary teacher (1st & 2nd years)?

Need some fresh ideas about teaching the theme of water? Water Explorer is an exciting new online initiative for schools on the theme of Water.

TESTIMONIAL: "Water Explorer is a fantastic global programme that helps raise awareness of water conservation in schools. The comprehensive resources are child friendly and engaging and the children love completing challenges and seeing their points add up as they do so. I would highly recommend the Water Explorers programme for other schools!" – Sharon Dennehy – Scoil Bride, Rathcormac, CORK.

Water Explorer: FREE Teacher Workshop showcasing the Water Explorer programme and website. Filled with fun ideas on how to teach global water, secret water, water conservation and protection. All students who complete the Water Explorer challenge will achieve a United Nations Environment Programme (UNEP) certificate.
